Summary

Computer Science major currently focused on mastering coding, algorithms, and system design. I'm passionate about using technology to solve problems and drive innovation. I'm eager to make a meaningful impact in the tech world. I'm particularly interested in web development, and AI, exploring how these fields can be leveraged to create innovative solutions.

Core Competencies

- Research
- Microsoft office
- Strategic Planning

Education

BCS Computer Science   2026
Forman Christian College (A Chartered university), Lahore.

Intermediate   2022
Defence Degree College for Women, DHA.

O Levels   2020
Lahore Grammer School, 1A1.

Extracurriculars

Society of Association of Computing Machinery (ACM)   2024-Present
Publications Lead

Computational Linear Algebra   2024-Present
Teaching Assistant

Discrete Mathematics   2024-Present
Teaching Assistant

Skills & Interests

Python, SQL, HTML, JavaScript, ReactJS
Team-working, Management
Languages: English, Urdu
